## PROFESSIONAL SUMMARY

Douglas College Computer Studies & Information Systems graduate with hands-on experience building full-stack web, Android, cloud, and machine-learning projects. Skilled with JavaScript, React, Node.js/Express, Python, Java, SQL/NoSQL, REST APIs, Git, Firebase, Linux, and Google Cloud Platform. Brings three years of operations leadership experience with strong problem-solving, communication, and organizational skills.

## TECHNICAL SKILLS

**Languages:** JavaScript, Python, Java, Kotlin, SQL, HTML/CSS

**Web & APIs:** React, Node.js, Express.js, REST APIs, JSON, Firebase Authentication, Socket.IO

**Data & ML:** MongoDB, pandas, scikit-learn, Logistic Regression, Random Forest, model evaluation

**Cloud, Mobile & Systems:** GCP, Terraform, Linux/Ubuntu, virtual machines, TCP/IP, networking fundamentals, Android SDK/AndroidX, Retrofit, Git/GitHub

## TECHNICAL PROJECTS

**Silent Auction Platform** | React | Node.js | Express.js | MongoDB | Firebase Auth | Socket.IO

Developed a full-stack auction application with authenticated users, item listings, REST APIs, MongoDB persistence, real-time bidding, auction closing, and winner notifications.

Connected frontend and backend workflows with Socket.IO and Firebase Authentication and implemented automated winner email delivery.

**Workout Planner Android App** | Java | Android SDK | Firebase | Retrofit | Wger API

Built a native Android fitness app with email/Google authentication, user profiles, weight/progress tracking, an API-powered exercise library, and Firebase data/image storage.

**Spam Detection Machine Learning Model** | Python | scikit-learn | pandas | Random Forest | UCI Spambase

Implemented a supervised ML workflow with Logistic Regression and Random Forest, cross-validation, multiple evaluation metrics, feature analysis, threshold tuning, and model persistence.

**Cloud Infrastructure & Automation Lab** | Terraform | GCP | Ubuntu | Apache

Provisioned cloud infrastructure with Terraform, deployed an Apache web service on Ubuntu, and load-tested 15,000 requests at 100 concurrent connections.

## PROFESSIONAL EXPERIENCE

**Branch Manager / Operations Coordinator** | Globalfer - Metal Cutting & Bending Branch | Brazil | 2017-2020

Managed daily branch operations, production priorities, workflow and materials, and resolved operational issues in a hands-on small-business environment.

Supervised a small team and coordinated requirements with the affiliated parent business, strengthening communication, prioritization, accountability, and team coordination.

## EDUCATION

**Diploma - Computer Studies & Information Systems** | Douglas College, New Westminster, BC | 2024-2026

Selected coursework: Full-Stack Development with JavaScript; Database I & II; Mobile App Development; Advanced Integrated Software Development; Machine Learning; Cloud Infrastructure; Operating Systems.
